Skillssoft Course Overview

Introducing something new

- Idea
- Product
- Service

Stages of Innovation

1. Examining
2. Imagining
3. Visualizing
4. Initiating
5. Developing
6. Deploying
7. Integrating

Select each stage of innovation, in order, to learn more.

In the first stage, you examine the problems facing your business, or the opportunities and imperatives presented by the market.
